Jacobsen Dealer Network Expands to Create a Superior Service Experience

Charlotte, N.C. (January 7, 2008) – Jacobsen, a Textron Inc. (NYSE: TXT) company, continues to focus on the needs of its customers and create a superior service experience by expanding the territories of three existing equipment dealerships, and adding one new dealer to its national authorized dealer network.

- Kansas Golf & Turf, headquartered in Wichita, Kan., will now serve the northeast corner of Kansas and the western half of Missouri, territory previously covered by Golf & Turf Technology, in addition to the areas across Kansas that it has covered for more than 15 years.
- Luber Brothers, Inc., in Dallas, Texas, will now serve customers in southeast Texas, the Houston market previously covered by Houston Turf, in addition to those in its current territory of northern Texas, Oklahoma and western Arkansas.
- Midwest Golf & Turf, headquartered in Cincinnati, Ohio, will now serve Michigan and the northwest corner of Ohio, previously covered by W. F. Miller Company, in addition to its current territory of Kentucky, Indiana and the southwest corner of Ohio.
- Tri-State Pump & Controls, Inc., in Liberty, S.C., became the newest authorized Jacobsen dealer for customers in North Carolina and South Carolina, except the coastal region. This area was formerly served by Jacobsen Turf Direct.

“As a result of their reputations for strong customer service, Jacobsen has expanded the territories of three dealers to include more area,” says Ralph Nicotera, Jacobsen vice president of sales. “We have also added a dealer in the Carolinas and are confident these changes will result in the finest possible service and support for both new and current Jacobsen customers throughout each region.”

For more information about Jacobsen’s authorized dealer network or to find a Jacobsen dealer in your area, log on to www.Jacobsen.com or call 1-888-922-TURF.
